Hearing from the Public:

Lee Macy, resident, inquired as to if anything can be done to slow the traffic on Brookville Phillipsburg Road. Trustee Vore indicated that the State has taken steps to see if the road may qualify for a lower the speed limit. After their study, Brookville-Phillipsburg Road met all specifications to remain at 55 mph. With Arlington Road being closed for bridge work, the detour is creating more traffic on other roads and the Police have been trying to enforce the speed limit. Many of the vehicles appear to be speeding but the radar shows they are not speeding and they are writing tickets when speeders are clocked. Trustee Vore indicated that the Police Department will consider adding additional shifts and contact the Martin Marietta company to slow down the trucks hauling gravel. Mr. Macy is welcome to sit in the police car to watch the radar. Mr. Macy is also concerned with the hills on the road that block vision for drivers. The Trustees indicated that the hills will be considered in the future when the road is repaved.
